St. John's Smith Square, in the heart of Westminster, is one of London's major concert venues and favourite historic buildings, valued for its superb acoustics. Built in 1728, and restored after damage in the Second World War, St. John's is one of the finest examples of English Baroque architecture and is considered a masterpiece of this style. St. John's has been dubbed 'Queen Anne's Footstool' due to a legend that the architect, Thomas Archer, consulted Queen Anne on the design of the new church. In reply the monarch petulantly kicked over her footstool and snapped 'like that!'. Thus,

the four towers are said to give the building the semblance of an upturned footstool.

The concert begins.

Concert ends.

Your coach will be on hand to take you back to your hotel.

## DAY 7

Breakfast is served.

Meet your Blue Badge guide and board your motor coach for today's tour.

Depart for Westminster Pier.

Board a Thames River boat for a 30 minute cruise along the river, both upstream passing the Palace of Westminster and downstream passing the London Eye. Your guide will provide historical commentary.

You will disembark at the Tower of London Pier, from where it is a short walk with your Blue Badge Guide up to the Tower of London, where you will begin your visit.

The ancient stones reverberate with dark secrets, priceless jewels glint in fortified vaults and ravens strut the grounds. The Tower of London, founded by William the Conqueror in 1066, holds some of the most remarkable stories from across the centuries. Despite a grim reputation as a place of torture and death, this powerful and enduring fortress has been enjoyed as a royal palace, served as an armoury and for several years even housed a zoo!

Gaze up at the massive White Tower, tiptoe through a king's medieval bedchamber and marvel at the priceless Crown Jewels. The famous Yeoman Warders have bloody tales to tell; stand where heads rolled and prisoners wept.

The Tower held many famous prisoners from the highest levels of society; some in astonishing comfort and others less so. Visit the places of their confinement and read the graffiti left by prisoners from over 500 years ago.

Lunch at leisure.

Re-join your coach and travel back in to the West End, finishing in Parliament Square.

It is a short walk to the group entrance of Westminster Abbey. Once inside, switch on your LNYDP audio player and choose the tour of the abbey, taking you through all parts and bringing the history and pomp and ceremony of this unique building alive.

The abbey was founded by Benedictine monks during the middle of the tenth century, but the current building was started by King Henry III in 1245 and is one of the most important Gothic buildings in the country. Westminster Abbey has witnessed thirty nine royal coronations, with the most recent on 2 June 1953 for her Majesty Queen Elizabeth II. Over 3,300 people have been buried or commemorated at Westminster Abbey, seventeen are British monarchs including King Henry V and all the Tudors except for Henry VIII, as well as famous luminaries such as Isaac Newton and Charles Dickens. There have also been seventeen royal weddings, the most recent on 29 April 2011 between Prince William of Wales and Catherine Middleton, now Duke and Duchess of Cambridge.

The rest of the afternoon is free for independent sightseeing and shopping.

This evening you will have the option as a group of dining together in a restaurant environment, using one or more themed restaurant brands that are available in London. Options include private dining rooms in a public house or 'pub', European style brands such as an Italian or French or an Ethnic establishment such as Chinese or Indian.
